THE GRADUATE SCHOOL OF ARCHITECTURE PLANNING AND PRESERVATION
400 AVERY HALL

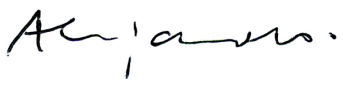
June 10th, 2015

Dear Sir/Madam,

This is a letter to endorse the “ARQUIA / REAL ACADEMIA DE BELLAS ARTES DE SAN FERNANDO’ DE INVESTIGACIÓN EN NUEVA YORK” grant application of Mr. Ismael Dominguez Sanchez-De la Blanca, PhD from the Universidad de Sevilla (Spain), to conduct his research project entitled “Conscious City: New Technologies applied to Sustainable Urban Development". His project is of great interest to the Latin Lab that I currently coordinate at the Graduate School of Architecture, Planning and Preservation of Columbia University.

As the Coordinator of the Latin Lab and Professor at GSAPP, I am very pleased with the prospects of having Mr. Dominguez-De la Blanca among us and look forward to his visit and our mutually beneficial interactions.

Sincerely,



Alejandro de Castro Mazarro
Adjunct Assistant Professor, and Program Coordinator of the Latin Laboratory
Graduate School of Architecture, Planning and Preservation, Columbia University
